

15 YEAR LIMITED RESIDENTIAL WARRANTY & CARE INSTRUCTIONS

Care Instructions For All Laminate Flooring Installations

Routine cleaning

- Sweep or vacuum using the wand attachment, then follow with laminate floor care products only (such as Armstrong® Hardwood & Laminate Floor Cleaner). In very sandy areas sweep or vacuum more frequently.
- For spills or wet areas, immediately wipe with a cloth or sponge and clean with a laminate floor cleaner.
- Laminate flooring, like other types of smooth floors, can become slippery when wet. Allow time to dry after cleaning.
- Do not use soap based detergents or “mop and shine” products, as these may leave a dull film on your floor.
- Do not wax or polish your floor.
- Do not use abrasive cleaners, steel wool or scouring powder that can all scratch your floor.

Tough spots

- Remove tough spots like shoe polish, tar and asphalt driveway sealer with nail polish remover containing acetone. Then wipe with a damp cloth.

Protect your new Cascade Laminate floor

- Place a natural or colorfast mat at outside entrances to collect tracked in dirt and absorb excess moisture.
- For added indentation resistance, use floor protectors on chairs and other furniture. The heavier the item, the wider the floor protector should be.

High moisture areas

- For all installation systems, it is generally a good idea to use 100% silicone caulk in areas of rooms where excessive moisture may be present such as at sinks, dishwashers, icemakers and around pipes.

Full Bathroom Installations

- Not recommended.

15 YEAR RESIDENTIAL LIMITED WARRANTY

What Is Covered and For How Long?

Cascade guarantees to the original purchaser that for the warranty period of 15 years your Cascade flooring, when used in an indoor setting, that our laminate:

- Will be free from manufacturing defects
- Will not stain from normal household consumable items such as food or drink
- Will not wear through the decorative surface (scratches or reduction in gloss level is not considered wear)
- Will not fade as a result of household lighting

Radiant Heat (Underfloor) Installation

We warrant to you (the original purchaser) that Cascade Laminate may be installed over hydronic radiant heated subfloors provided the surface temperature of the system does not exceed 81 degrees Fahrenheit (27 degrees Celsius), and the relative humidity levels are maintained between 35% and 55%. It is mandatory that the radiant heat be applied in a gradual manner after installing the laminate flooring.

What you should do if any of the above listed problems occur:

The original residential purchaser should notify their authorized Cascade Laminate dealer from which the original purchase was made of any defect no later than 30 days after discovering the defect but within the same time period of this limited warranty. The original residential purchaser must present to that Authorized Cascade Laminate dealer the following items for a limited warranty claim to be considered:

- A valid proof of purchase in the form of sales receipt which establishes proof of purchase;
- A detailed description of the problem and/or a photograph/sample that clearly shows the warranty problem.

Visible Defects

Planks with visible defects must not be installed. Visible defects are those defects that are apparent on the face of the flooring. No labor will be paid for planks installed with visible defects. Only uninstalled planks with visible defects are eligible for material credit when returned to the wholesaler.

What Will Cascade Do If Any Of The Things Listed Above Happen?

If you make a claim and follow our installation and maintenance procedures within the first year after date of purchase: Cascade will provide materials either to repair or replace the defective area of the floor at our option. If the floor was professionally installed, Cascade also will pay reasonable labor costs to repair or replace the defective area of your floor. If you make a claim after the first year after date of purchase and before the end of your limited warranty period: Cascade will provide or pay a percentage of the reasonable material and labor costs (if the floor was professionally installed), for repair or replacement, at our option, of the warranted product. This percentage will be based on the number of years from the date of purchase and the remaining warranty period of the product, up to 30 years after date of purchase. For example, for a professionally installed product, which is covered by a 25 year warranty, Cascade will pay 24/30th (or 80%) of the reasonable material and labor costs on an approved claim submitted 6 years after the date of purchase. NOTE: Any repair or replacement is limited to colors and styles of products available at the time of repair or replacement. If the original design is no longer available, Cascade has the right to substitute another Cascade design of similar value.
